

Sharing a common love for hardcore Lockdown got together in 2007. No glitter, no glamour, just plain old hardcore. What more can you wish for!?

Since their start Lockdown has managed to pull together a heavy set list, which they accompany by an aggressive live performance. To get a proper impression of the kind of music Lockdown plays go over to www.ldhc.nl and listen to our recordings. These songs and more will be pounded into your eardrums at one of our shows.
